

# Who's in our community?

The first step to helping *all* children belong is getting to know who's in our community

## In a group of 45 children...

1 child will have a disability

4 children will be vulnerable in 2 or more developmental areas

8 children will be vulnerable in 1 or more developmental areas

39% of residents were born overseas

188 different languages are spoken at home

23% live in a moderately disadvantaged area

One For All
